

RESOLUTION NO. 1

WHEREAS, the City of Wendell has constructed a Sewage Treatment System, and,

WHEREAS, the City received a Federal Grant to aid in the construction of said Sewage Treatment System, and,

WHEREAS, one of the requirements of the Federal Grant is that the City prepare an industrial cost recovery system, which said requirement was waived because the City of Wendell does not presently have any industrial users; and,

WHEREAS, the City being desirous of complying with this requirement when the city does have industrial users as defined by the Federal Register,

NOW THEREFOR, IT IS HEREBY RESOLVED that if and when any industry locates within the City of Wendell which desires to use the City Treatment System, and the industry is such as is defined as an industrial user in the Federal Register, a system of industrial costs recovery will be prepared by the City and submitted to the EPA for review and approval.

The Council further resolves that the City will, pursuant to Ordinance No. 268, and particularly Sections 4 and 6 of said Ordinance, control and monitor waste waters entering the Treatment System so that the City will be immediately aware of any industrial users who may attempt to discharge into the City System without supplying the City with the necessary information concerning its waste so the the City may make a determination of whether or nor the industry is a user as defined by the Federal Register.

IT IS FURTHER RESOLVED by the City Council, that when the industrial costs system is prepared, it will be prepared to conform to the requirements as are published in the Federal Register dated February 11, 1974; and that the City will submit the draft to the Environmental Protection Agency Regional Administrator for recommendations and approval and will not enact the same as an Ordinance or policy of the City of Wendell, until such time as the same is approved by the Environmental Protection Agency Regional Administrator.

PASSED by the Council and approved by the Mayor this 22 day of May, 1975.
